EDUCATION

PhD in Systems Neuroscience

2022-Present

Center for Life Sciences, Academy for Advanced Interdisciplinary Studies, Peking University · Beijing, China · Advisor: Dr. Pinglei Bao · GPA: 3.63/4.00

Bachelor of Psychology; Bachelor of Economics

2018-2022

School of Psychological and Cognitive Sciences; National School of Development, Peking University · Beijing, China · GPA: 3.66/4.00

RESEARCH EXPERIENCE

PhD Student

2021-Present

Pinglei Bao Lab, Peking University · Beijing, China

- Built and optimized a chronic macaque electrophysiology platform using Neuropixels, enabling large-scale, repeated recordings from high-level visual cortex; developed the Triple-N natural-scene neural dataset.
- Led the Anagram and DIVE projects to study object interpretation and dynamic visual coding across the primate visual pathways, combining electrophysiology, fMRI-guided targeting, computational modeling, and population analyses.

PUBLICATIONS

Triple-N dataset: large-scale fMRI-guided dense recordings of nonhuman primate neural responses to natural scenes. Yipeng Li, Xieyi Liu, Wanru Li, Jia Yang, Baoqi Gong, Wei Jin, Zhengxin Gong, Kesheng Wang, Jingqiu Luo, Zishuo Zhao, and Pinglei Bao. *Nature Neuroscience*, 29(8): 1999-2011, 2026.

CONFERENCE PRESENTATIONS

Triple-N Dataset: Non-human Primate Neural Responses to Natural Scenes

2025

Vision Sciences Society Annual Meeting (VSS 2025) · Tampa, USA · Oral Presentation · Abstract published in Journal of Vision, 25, 2859

Cross-category encoding dimensions in the primate ventral visual pathway: a shared low-dimensional space and category-specific high-dimensional spaces

2024

2024 International Joint Forum on Psychology and Cognitive Sciences, Peking University · Beijing, China · Oral Presentation · Excellent Presentation Award

Dynamical Neuronal Encoding for Visual Information in the Primate Inferotemporal Cortex

2024

China Vision Science Conference (CVSC 2024) · Guangzhou, China · Oral Presentation

Triple-N Dataset: Non-human Primate Neural Responses to Natural Scenes

2025

Academic Annual Conference of the Professional Committee of General Psychology and Experimental Psychology, Chinese Psychological Society · Sichuan, China · Poster · Excellent Poster Award

Dynamic Encoding Axis in the Primate Inferotemporal Cortex

2025

Chinese Neuroscience Society Annual Meeting (CNS 2025) · Xi'an, China · Poster

Dynamical Neuronal Encoding for Visual Information in the Primate Inferotemporal Cortex

2024

Society for Neuroscience Annual Meeting (SfN 2024) · Chicago, USA · Poster

HONORS AND AWARDS · PEKING UNIVERSITY

2025 PKU Outstanding Research Award; **2025** Industrial Bank Scholarship; **2022** PKU Presidential Scholarship; **2022** Outstanding Graduate of Peking University; **2021** Merit Student of Peking University; **2021** Fenjiu Group Public Welfare Scholarship; **2020** First-Class Undergraduate Academic Scholarship; **2020** Third-Class Scholarship; **2020** Peking University Social Work Award

TEACHING EXPERIENCE

Teaching Assistant, From Data to Models

Fall 2022

Led tutorial sessions; contributed to exercises, examination materials, grading, and teaching-material preparation; delivered 1-2 substitute lectures.

Teaching Assistant, Research Methods in Psychology: MATLAB and Psychtoolbox

Spring 2022

Led tutorial sessions and office-hour Q&A on psychological research methods using MATLAB and Psychtoolbox; contributed to assignment and examination design and grading.

LEADERSHIP AND SERVICE

Vice President, School of Psychological and Cognitive Sciences

2020-2021

- Oversaw publicity and visual communications for major student activities, including the New Year Gala and Psychology Culture Festival, and contributed to poster design, merchandise design and production, student orientation, and graduation events.

SKILLS

MATLAB · Python · Codex · Microsoft Office · Photoshop · Illustrator · InDesign · Premiere Pro
